

voting separately. The Prize fund may consist of Coindeal funds or of the cumulative amount of fees paid by all Issuers whose Coins are participating in voting.

k. User

means any person who or which is validly registered with the Platform as a user thereof, having a valid and operational account with the Platform, and whose identity remains verified by the Platform. In order to participate in the voting process, the User shall have at least 100 CDL on his/ her account with the Platform unless otherwise stated in specific regulations.

l. Voting Period

means such period of time as may be set and prescribed by Coindeal on its Domain during which Users may vote for the admission by Coindeal of Coins for trading on the Platform, pursuant to the voting rules and procedure set out in these Coin Voting Rules.

3. Coindeal may, at any time and prior to having undertaken any assessment in terms of the provisions of its Cryptocurrency Due Diligence Policy, identify Coins for which it believes there may be sufficient demand and market which may, in turn, justify their potential admission to trading on the Platform.
4. Coindeal may, in its discretion and from time to time but only after having obtained the written consent of the Issuers of the relevant Coins for such purposes, decide to propose a vote amongst its Users as to which of such Coins its Users would wish to see being admitted to trading on the Platform.
5. Information appertaining to each Coin proposed for voting as aforesaid, as well as the applicable Voting Period during which Users may cast their votes, and other specific regulations shall be provided and designated on the following link: <https://coindeal.com/vote>.
6. During the Voting Period designated by Coindeal in terms of Rule 5 above, each User shall be entitled to cast up to one (1) vote a day (no more than once during a period of 24 hours), unless otherwise stated in specific regulations. Each vote ranks equally with each other User's vote. Users may cast their votes on the following link: <https://coindeal.com/vote>.
7. Any Voting Period designated by Coindeal in terms of Rule 5 above may be shortened or otherwise extended or terminated at Coindeal's discretion for any reason whatsoever.
8. Upon the expiration of the Voting Period, the Coin which obtains the largest number of votes from amongst the Users shall be considered by Coindeal as being the Users' preferred Coin for admission to trading on the Platform.
9. If two (2) or more Coins obtain the largest number of votes from amongst the Users, with each Coin having the same number of votes, then the winning Coin

shall be considered as being that Coin which would have obtained the largest number of votes in any and all previous voting processes in which the relevant Coin would have been proposed to the Users for voting without winning such vote.

10. Coindeal shall scrutinise and monitor each Coin voting process with a view to ensuring that each process is undertaken properly and fairly. To this end, Coindeal may invalidate and strike off any votes submitted or the entire voting process itself (as the case may be), should it have reasonable suspicion that the relevant votes or the voting process itself (as the case may be) were submitted or otherwise conducted unfairly or with undue influence from third parties.

Without prejudice to the generality of the foregoing provisions of this Rule, Coindeal may invalidate and strike off any votes or the entire voting process as aforesaid should it suspect that any votes were paid for or otherwise incentivised (whether financially or otherwise) by third parties, or should any votes have been cast as a result of any misinformation.

11. Following the completion of the Coin voting process as described above and upon the successful identification of the winning Coin, Coindeal shall proceed with commencing and undertaking the Coin acceptance procedure which is prescribed and set out in its Cryptocurrency Due Diligence Policy.
12. The admission of the winning Coin to trading on the Platform shall be subject to the full and successful completion of the Coin acceptance conditions and procedure set out in the Cryptocurrency Due Diligence Policy, and to such other terms and conditions and Coin trading pairs determined by Coindeal (whether at its discretion or pursuant to a separate agreement with the Issuer of the relevant Coin). As such, and for the avoidance of doubt, it shall not be presumed that the winning Coin will be automatically admitted to trading on the Platform solely by virtue of the fact that the Coin would have emerged as the winning Coin from the voting process set out in these Coin Voting Rules. Furthermore, the Users shall not be entitled to vote on any matter relating to the evaluation of the admissibility of the Coin to trading on the Platform or the setting of any terms, conditions or trading pairs related thereto as aforesaid, all such matters being at the sole and exclusive discretion of Coindeal.
13. In the event that the winning Coin shall fail to successfully complete the Coin admission process set out in the Cryptocurrency Due Diligence Policy such that Coindeal shall refuse its admission to trading on the Platform, Coindeal may, at its sole discretion and without requiring a specific vote from the Users for such purposes, decide to assess and evaluate the second-placed Coin for admission to trading on the Platform.
14. The admission to trading of a winning Coin shall be subject to any and all ongoing rules, terms and conditions as Coindeal may agree with the Issuer or otherwise prescribe from time to time for the purposes of maintaining the continued trading of Coin on the Platform, whether set out in the Cryptocurrency Due Diligence Policy, in any agreement with the Issuer or otherwise.

15. Coindeal reserves the right, at its sole and exclusive discretion, to adjust, amend or revoke any terms and conditions and trading pairs previously determined and set by Coindeal, and subject to any separate agreement with the Issuer as applicable, without requiring any prior vote or approval of the Users for such purposes.
16. Any decision or action as may be taken by Coindeal in relation to a Coin which has been admitted to trading on the Platform following a vote of the Users – including without limitation whether to suspend or remove a Coin from trading on the Platform – shall not be subject to any prior vote or other involvement whatsoever of the Users.
17. Coindeal reserves the right to consider and assess any Coin for admission to trading on the Platform in terms of the Cryptocurrency Due Diligence Policy, notwithstanding that the relevant Coin would, at any time, have been involved in a Coin voting process, and notwithstanding further that such Coin would not have emerged as the winning Coin in the relevant voting process.
18. The announcement of the winning Coin shall be made in a manner applicable for the announcement of the voting on the following link: <https://coindeal.com/vote> within 14 days from the end of the Voting Period.
19. Users who voted are entitled to the Prize. The Prize will be divided among all Users who voted, in proportion to the number of days on which votes were cast. The prize will be paid on User's account with the Platform no later than within 30 days of announcement of the winning Coin. Specific regulations may provide divergent rules in this respect.
20. Coindeal reserves the right to amend these Coin Voting Rules at its discretion and for any reason whatsoever, and shall give notice of any such changes, together with the date on which such changes will become effective, to the Users through the following link: <https://coindeal.com/vote>.
21. Any query relating to the meaning or applicability of any Rule set out in these Coin Voting Rules shall be referred to the e-mail [support@coindeal.com](mailto:support@coindeal.com) for clarification and explanation.
22. Should any dispute, controversy or claim arise in relation to the conduct of the voting process outlined in these Coin Voting Rules and/or any result thereof, any such dispute, controversy or claim may be referred to by a User, by written notice, to the e-mail [support@coindeal.com](mailto:support@coindeal.com).

Upon receiving notice of any such dispute, controversy or claim, CoinDeal shall consider and deliberate on the relevant case submitted with a view to deciding on the matter presented.

Any and all parties involved in the relevant dispute, controversy or claim shall have and be given the opportunity to make submissions in writing to CoinDeal for its consideration and deliberation as aforesaid.

Any decision of the CoinDeal on any dispute, controversy or claim submitted to him/her as aforesaid shall be final and binding and there shall be no appeal from such decision.

24. Taking part in the voting means that the User accepts and agrees that the Coindeal will process, transfer and secure User's personal data in accordance with applicable regulations, including the provisions of the GDPR (art. 13 of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC <General Data Protect Regulation>) as follows:

- a. User data will be used to transfer the Prize,
- b. User data will be used to store information about the voting for internal purposes of the Coindeal,
- c. Coindeal will publish winners' name or nick, country and ammount of CDL token prize on Coindeal's website, social media and other internet social and information platforms, to announce the winnings and inform about the voting and its conclusion.
